Our Centre of Excellence

Our Centre of Excellence has a dedicated focus on clinical care and innovation. Discover your best option towards a healthier life today.

Oncology Care Centre

Don't count the days, make the days count

We are equipped with the latest and most advanced facilities to deliver you with world class quality cancer care. The uniqueness of our all-inclusive cancer centre is that it provides a full spectrum of cancer treatments. Designed to its own need, the centre is equipped with a chemotherapy daycare, radiotherapy suite and a PET CT Scan.

Our treatments

The treatment of cancer is complex, often involving a combination of treatment methods to be effective. The following methods may be provided, alone or in combination, as part of an individual's management plan:

- Surgical intervention
- Chemotherapy
- Radiation Therapy
- Hormonal Therapy
- Targeted Therapy
- Immunotherapy

Our state of the art machine

Our Elekta Versa HD Linear Accelerator system is capable of delivering highly precise, accurate and targeted radiation therapy with motion management. The Elekta Versa HD delivers reliability, accuracy and confidence in Stereotactic Radiosurgery (SRS), Stereotactic Body Radiation Therapy (SBRT), Volumetric Arc Therapy (VMAT) and 4 Dimensional Image Guided Radiation Therapy (4D IGRT).

Our Cancer Care Centre of Excellence Hospitals

- KPJ Damansara Specialist Hospital
- KPJ Ampang Puteri Specialist Hospital
- KPJ Johor Specialist Hospital
- KPJ Ipoh Specialist Hospital
- KPJ Sabah Specialist Hospital (premier cancer care centre)

Orthopaedic Care Centre

Speedy recovery at its best

Finding the right specialist for your orthopaedic needs has never been easier. With over 94 orthopaedic surgeons nationwide, we provide patients with therapies and interventions to help patients overcome their bone and joint problems.

Our Centre is equipped with the Digital Operating Theatre (DOT) alongside a dedicated navigation system, which connects medical equipment with health systems. This seamless integration simplifies processes, saves time, and ultimately creates better patient outcomes.

Our latest orthopaedic rehabilitation equipment for patient recoveries:

- ALTER G Anti-Gravity treadmill
- ALTER G Bionic Leg
- BTE Primus Work Simulator

Pediatric Care Centre

Children is our best hope for the future

With tender loving care given from the day they were born, up to their teenage years, we aim to ensure that your child will achieve optimal health and growth always. Health is the most sacred gift you can give to your child, which is why we strive to provide only the best care to children with our comprehensive Pediatric Team. With over 83 pediatric resident doctors at our hospitals nationwide, where some of them are also Neonatology specialists, we are certain that every child – including their parents – will leave our hospital with a smile on their face.

Equipped with state-of-the-art Neonatal Intensive Care Unit (NICUs), our Pediatric Care Centres allow us to receive premature babies in the open bay and premature babies in isolation of our NICU.

Cardiovascular Care Centre

Getting into the heart of the matter

Our Cardiovascular Care Centre offers a complete range of services to treat various heart diseases by our Cardiologists, Cardiothoracic and Vascular Surgeons.

Our cardiac facilities

- Catheterization laboratories
- Operation theatres
- Electrocardiography (ECG) machine
- Echocardiogram machine
- Angiographic C arms
- Cardiovascular MRI (1.5 and 3 Tesla)
- Catheterization laboratory (CATH Lab)

We are the first hospital in Malaysia to perform coronary angioplasty produce using Intravascular Lithotripsy (IVL), which is a procedure for patients with a hardened plaque in coronary arteries.

Urology Care Centre

Nurture your health the right way

We have a team of expert urologists nationwide to treat the disease of the urinary and reproductive tracts in men and urinary disease in women.

The urological diseases treated by our specialists include:

- Kidney, ureteral and urinary bladder stones
- Overactive bladder
- Sexual dysfunction
- Urology infections
- Male infertility
- Benign Prostatic enlargement
- Prostate, bladder, Penile, Testicular and urethral cancer

Weight Management Care Centre (Bariatric)

You are what you eat

Obesity is an all-too-common malady amongst Malaysians, which in turn results in unwanted medical problems and diseases in the body. Our Digestive Care Centre provides you with the most effective and health-conscious approach to losing weight while maintaining a healthy lifestyle.

With various treatments, including Obesity Surgery, our Digestive Care team ensures that you get only the best treatments, including comprehensive aftercare treatment from the team at an affordable price. Come speak to our resident surgeons and discover your best option towards a better weight and health today.

Women's Health Care Centre

Where miracles are made

Our Women's Health Centre offers leading-edge care in a warm and cosy ambiance for women across all ages. With expert care from our Obstetrics and Gynaecology Specialist team, expecting couples can look forward to receiving a seamless journey when planning their parenthood with us.

Our service offerings

Breast Care

Our experts are committed to helping you take charge of your breast health. We offer a comprehensive set of screenings and diagnostic services through a coordinated approach of an interdisciplinary team of radiologists, surgeons, pathologists, nurses and technologists.

Our end-to-end breast care diagnostic

- Diagnostic digital mammography
- Breast ultrasound
- Breast ultrasound-guided biopsy
- Mammogram
- Needle localizations
- Stereotactic core biopsy

What makes our Fertility Care Centre Unique?

Our fertility centre is located within our hospital premise, thus making it a convenient one-stop fertility centre for couples as it allows patients to complete their fertility assessment, diagnosis, investigations, treatment and minor procedures related to infertility in one spot without any hassle.

Our Fertility Treatments

- In-Vitro Fertilisation (IVF)
- Intracytoplasmic Sperm Injection (ICSI)
- Pre-implantation Genetic Testing (PGT)
- Cryopreservation
- Sperm Retrieval
- Frozen Egg
- Intra-Uterine Insemination (IUI)

Obstetrics and Gynaecology

Upon successful conception, expecting couples can continue their parenthood journey with our expert Obstetrics and Gynaecology Specialist team.

Our sub-specialty experts

Gynae Oncologists

We have a dedicated team of gynae oncologists who are trained to handle cancer-related cases in women's health such as cervical, ovarian and womb cancer.

Health Tourism

Malaysia was listed as the "Best Country for Healthcare" and the "Top Asia Country for Retirement" in the 2019 International Living Annual Global Retirement Index. This is a clear testament that Malaysia's medical care is on par with the best in the world, where innovation and international expertise are key. Our International Patients will feel more comforted with the quality assurance, safety standards and regulations (related medical care) incorporated at our hospitals.

KPJ Healthcare Berhad provides a one stop integrated healthcare solution, covering a wide range of medical and surgical disciplines and complemented by a comprehensive range of cutting-edge medical equipment and specialised services.

In ensuring patient safety, KPJ Group of Hospitals have embarked on many initiatives to improve the Quality of Care to customers including the certification of Malaysian Society for Quality in Health (MSQH), which is internationally linked to the international Society in health care (ISQua).

We have also implemented the integrated management system (IMS) for our hospitals to be accredited by MSQH, in addition to 4 of these hospitals are accredited by the Joint Commission International (JCI).

International Patient Centre

KPJ is focused on delivering safe, quality and excellent services that are aligned to the highest international standards across all healthcare offerings for all patients. We continued to provide exceptional health treatment, care and diagnosis, supported by best-in-class facilities.

Recognized as the Best Hospital of the Year in Malaysia at the 2021 GlobalHealth Asia-Pacific Healthcare and Hospital Awards, our International Patient Centre (IPC) of KPJ Group of Hospitals is a one-stop service that opens doors to an array of personalised services, catering to the needs of patients before, during and after their visit. They can also provide advice on estimated cost of treatments and procedures at our hospitals.

Our IPC Care team provides a wide spectrum of services to patients from overseas and their family members, ensuring them a pleasant and comfortable experience throughout their stay, including:

- ✓ Pre-arrangement services, including medical advice, cost estimation, etc.
- ✓ Appointment and Booking
- ✓ Hotel Arrangements
- ✓ Airport Transfer either to Hotel or Hospital
- ✓ Visa Extension Arrangements
- ✓ Medical Evacuation Services
- ✓ Tele-consultation
- ✓ International Insurance Coverage and Assistance
- ✓ Interpreter Services
- ✓ Halal food and beverages
- ✓ City Tour Arrangement with Local Travel Agencies

Our Awards & Recognition

KPJ Healthcare prides itself on providing the highest quality in healthcare services. Being the leading private healthcare provider in Malaysia, our commitment to quality and excellence is reflected in our awards and recognition received.
